Who is Matthews Cremation Division?

Matthews Cremation Division is the premier manufacturer of Industrial Equipment & Engineering (IEE) and ALL Crematory (ALL) cremation equipment. We are the global leader in cremation equipment sales, service and repair.

Representing the highest standards for safety, we manufacture a wide range of human and animal cremation equipment. As a full-service provider, we offer accessory equipment, supplies and memorial products to meet your business requirements.

A significant number of our cremators are still operating, including some manufactured more than 40 years ago. Discover why Matthews Cremation Division is the most trusted name in cremation products and services.

MCD Lift Tables Allow Safe Loading And Unloading Of Cremators, Coaches, Cars, Vans, Coolers And Casket Racks

Constructed of heavy-duty welded steel with a high-strength industrial finish, the tables can carry up to 600 pounds.

The conveyor platform has five rollers for smooth loading action.

The tables' locking device secures loads and helps prevent shifting.

The narrow frame and four 5" full-swivel solid casters provide smooth maneuverability into and out of tight spaces.
